CURRENT ACTIVITIES

SCHOOL UNIFORM DONATION

Thanks to generous donors who continue to support children through the foundation. We partnered with Principal Lanzeford Howell and key stakeholders at the Mineral Heights Primary School in Clarendon, Jamaica to select 20 students who will receive uniforms and masks.

So far more than 50% have been delivered and the remaining uniforms are currently being made by Rijay's Fashion.

We look forward to continuing this partnership in the interest of education and nation building in Jamaica.

CURRENT ACTIVITIES

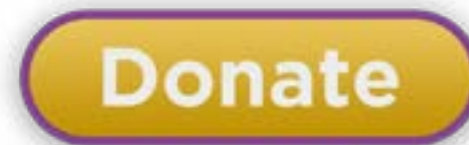

ONLINE LIBRARY PROJECT

Fundraising for the online library project has started. Thanks to the donors that responded positively to the content that was shared last month for the library project fundraiser. We have raised over USD \$1,000 so far to fund the foundation's online library. In preparation for this project, we have: identified a potential name for the library as well as the book categories for the initial rental offering.

We are currently finalizing the technical requirements for the library app as well as licenses for the books we'd like to offer prior to commencing development. We appreciate the valuable intellectual input from our donors and members as we develop the overall goal to allow all children affiliated with the foundation to access books that will aid in their development.
